**Letter of support for nomination of Dr. Joerg Swetina as candidate for the Position oneM2M
TP WG1 Vice-Chairman**

NEC Corporation (TTC) is pleased to nominate Dr. Joerg Swetina for the position of Vice-Chairman of the oneM2M Technical Plenary Working Group 1 (Requirements).

As you may see from the attached CV, Joerg had been working in mobile communications standards (GSM, 3GPP, OMA) since more than 15 years and has a strong background in this field. In particular he had been vice chair of the 3GPP requirements group (3GPP TSG SA WG1) for several periods and is very experienced in requirements specification work. He had also been active establishing the oneM2M global initiative and is strongly dedicated to its success.

Joergs solid technical background associated with diplomatic skills and a long experience in 3GPP SA1 give him the necessary qualification as a Vice-Chairman in oneM2M WG1. His long-term background on requirements work and his commitment to this field will be an asset to the oneM2M leadership.

Our support for Joerg is based on our commitment to the oneM2M standards process, evidenced by our active contribution in 3GPP, ETSI and other SDOs. In the event that Joerg is successful, NEC Corporation will provide the necessary support for him to allow him to undertake the role as WG1 Vice-Chairman.

Sincerely yours,

Takashi Matsumoto
