

Dear Colleagues,

Huawei Technologies would like to nominate **Mr. Rouzbeh Farhoumand** as a candidate for the position of the **oneM2M Steering Committee Vice Chair** to be held during SC33.

Mr. Rouzbeh Farhoumand has 22 years of telecommunications and R&D experience combined with an excellent track record of standardization work in various national and global standards and regulatory bodies. Since 1997, Rouzbeh has been active in numerous organizations to include ATIS, GSM-NA, 3GPP (since its inception), 4G-Americas, WPS Forum, MSF, CableLabs, and oneM2M, as well as managing high caliber teams with members active in many other forums. More so, Rouzbeh served as the 3GPP CT Plenary Vice Chair for 4 years and in that capacity also as the 3GPP CT & SA _ ITU-T Liaison Coordinator, attended 3GPP PCG/OP for 4 years, served on the IMTC Board of Directors and as the IMTC VP of Industry Relations for 4 years, and currently also representing Huawei on the OSGi Alliance Board of Directors.

We believe, his knowledge gained from various Boards and experience with Partners in the past would be of great value to the oneM2M Steering Committee and the continued success of the organization in this critical stage of IoT standardization.

If elected, Huawei will provide all the required support and resources during the term.

Your support is greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "王学民" (Wang Xuemin).

.....
Mr. Wang Xuemin
Director of Huawei Standard and Industry Department
