

Nomination Letter for the oneM2M Working Group 1 – Requirements and Definitions
Chairman

iconectiv (ATIS) would like to nominate Shelby Kiewel as a candidate for the role of the oneM2M Working Group 1 – Requirements & Definitions group. Shelby has held numerous industry standards positions over the past 15 years, including Chairman and Vic-Chairman of ATIS TMOC – Telecom Management and Operations Committee and has been active in numerous standards bodies across the industry. In support of standards development, Shelby's activities have included efforts in ITU-T, MEF, TMForum, and more. He has been an active participant in oneM2M over the past 2 years and is capable of supporting the various contributions of all members in an unbiased manner.

iconectiv is a supporter of oneM2M and its objectives in developing service layer standardization to the M2M world. **iconectiv** is willing to support the necessary efforts and duties required of the WG1 Chair position.

Best Regards,
