Letter of support for the nomination of Dragan Vujcic as oneM2M SEC WG4 Vice-Chairman

Dear oneM2M Officers and oneM2M Secretariat,

On behalf of Oberthur Technologies, I am pleased to announce that Dragan Vujcic will stand as a candidate for the position of oneM2M WG4 Vice Chairman, in the forthcoming oneM2M WG4 elections in March 2015.

Working for Oberthur Technologies with mobile security solutions design has given Dragan broad knowledge and experience with security systems, both from the service security platform and the device security perspective. This gives him a necessary background for the M2M/IoT security challenges within the scope of oneM2M.

If elected Dragan will provide full support for the Chair and will strive to ensure that the development of the relevant oneM2M Security Specifications is undertaken in a fair, accurate, and diligent manner.

Oberthur Technologies will provide Dragan with all the support he needs in order to perform the role effectively, should he be elected, as part of the Oberthur Technologies's continued commitment to oneM2M

Best Regards,

Cédric COLLOMB
