To: oneM2M Technical Plenary

Date
19 Nov 2018
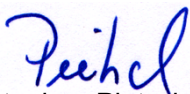

Subject: Nomination of candidate to the position of oneM2M TST Group Vice Chair

On behalf of Spirent Technologies GmbH, I am pleased to propose Subhash Gajare as a candidate for the position of TST Working Group Vice Chair of the oneM2M Technical Plenary dedicated to Testing.

Subhash is currently working as a member of TST working group for oneM2M standardization. He has been actively involved in TST Working Group for writing, reviewing the oneM2M test purposes, test cases along with verification and validation of the test purposes. He has done active contributions for the testing group with improvements for ATS TTCN-3 code, test purposes and adaptation in the test tool development. Subhash has good experience in developing the M2M and IoT testing solutions based on the oneM2M standards. He is an active participant in the plugtests for oneM2M organized by ETSI / TTA. Being a part of ETSI STF team for developing oneM2M test purposes, test cases along with verification and validations activities for Release 3 and release 4, he has got a good understanding of the TST working Group and testing activities.

Spirent Technology fully supports the creation and adoption of global M2M standards to realize its full potential and will provide all the necessary support to Subhash, if elected, to allow him to undertake this role of TST Vice Chair.

Sincerely,

Stephan Pietsch,
Director Products and Engineering
Spirent Technology GmbH
