On behalf of France Telecom & Orange, I am pleased to announce that Mrs Patricia Martigne is standing as a candidate for the Vice-Chair position of oneM2M Technical Plenary WG5 (Management, Abstraction & Semantics), through FT membership under ETSI organization.

Patricia has experience in the domains of M2M and Smart Home, as well as in Wireless sensors networks. She was also chairing the Requirements Working Group in ETSI M2M, enabling the publication of the very first specification of ETSI M2M, in 2011.

Since last year she has been particularly active in technical discussions on Abstraction and Semantics, in oneM2M TP. She has also been encouraging and organizing working sessions on this subject, as a co-convenor of WG5.

You'll find Patricia's CV attached to this document.

Be sure France Telecom - Orange will provide all the necessary support for Patricia, if elected, to allow her to undertake this role of WG5 vice-chair.
