**Letter of support for the nomination of Nobu Uchida as oneM2M Protocol (PRO)
WG Vice-Chair**

I am pleased to inform you that Qualcomm, through its ARIB oneM2M affiliation, is nominating Nobu Uchida as a candidate for the position of oneM2M Protocol Working Group Vice-Chairman at the upcoming election in oneM2M TP #29.

Nobu had been working in various standardization bodies (ARIB, TTC, 3GPP2, oneM2M) and has a strong background in this field. He has also been actively involved in the creation of oneM2M and is strongly dedicated to its success. I am confident that Nobu will be a great resource for the oneM2M Protocol Working Group providing support for all members, as well as leadership.

In proposing Nobu for the position of oneM2M Protocol Working Group Vice-Chairman, Qualcomm will provide all the necessary support to Nobu needed to undertake his roles and responsibilities if elected.

Best Regards,
