To oneM2M Leadership

On behalf of ZTE Corporation, a CCSA member, I am pleased to nominate Mr. Hao Wu as a candidate for the position of Vice Chairman of the Protocol Working Group (WG3) under the Technical Plenary of oneM2M.

Mr. Hao Wu has been working on research and standardization for 12 years. He has been involved in several standard organizations such as 3GPP, CCSA and oneM2M. Since 2005, Mr. Wu has been working on LTE standardization in 3GPP. From 2012, Mr. Wu worked on developing oneM2M Technical Specifications and actively participating in Requirements, Architecture and Protocol related works. Mr. Wu has a good background in the field of oneM2M. He is one of the major contributors to oneM2M functional architecture and core protocol Technical Specification, such as resource announcement, registration, location policy, 3GPP interworking, etc. With his experience in standardization, we believe Mr. Wu is able to contribute actively to progress the protocol related activities in oneM2M.

ZTE will provide all necessary support to Mr. Hao Wu for fulfilling his task as Vice Chairman of oneM2M Protocol Working Group (WG3).

Sincerely,

Jianfeng Ding

Director of Research and Standardization Department
ZTE Corporation
