To: oneM2M Technical Plenary  
Subject: Letter of Support for oneM2M ARC WG Vice Chairman

I am very pleased to recommend Mr. SeungMyeong Jeong as a candidate of oneM2M Architecture Working Group Vice Chairman.

In the aspects of LG business domains, I believe that oneM2M will become very important standard to enable collaboration of major stake holders composing IoT ecosystem.

SeungMyeong has been actively involved in the oneM2M since December 2012, especially in ARC WG. His excellent activities were proved by oneM2M Technical Excellent Award at oneM2M TP#18 meeting (July 2015).

He is successfully leading an IoT standard project in LG Electronics. I am sure that he has potential to contribute for the success of oneM2M standard as well.

LG Electronics will provide necessary supports for SeungMyeong to play a given role as ARC Vice chairman if he can get an honor of oneM2M ARC WG Vice Chairman.

Sincerely Yours,

Kookyoon Kwak  
Executive Vice President  
LG Electronics, Inc.
