

Profile

Nick Yamasaki, KDDI (TTC)

Given Name : Norikazu (Nickname : Nick)

Family Name : Yamasaki

Nationality : Japanese

Date of Birth : 19 April 1955

Company : KDDI Corporation

Company Address : Garden Air Tower, 3-10-10 Iidabashi, Chiyoda-ku, Tokyo
102-8460 Japan

E-mail Address : nr-yamasaki@kddi.com

Telephone : +81-3-6678-3614

Fax : +81-3-6678-0219

Nomination for TP Leadership

Nick Yamasaki is nominated for Technical Plenary Vice Chair, supported by TTC and ARIB, Japan.

Motivation

Nick Yamasaki, KDDI can smoothly conduct necessary coordination between ARIB and TTC and also can convey collective Japanese industry views to oneM2M, because he is playing Leadership role both as Chair of TTC oneM2M Technical Committee and as Co-Chair of Joint TTC/ARIB Meeting for oneM2M Standardization.

He strongly intends to make his maximum effort to accomplish “consensus driven” and “time to market” oneM2M standardization work and positively incorporate Vertical Industry Segment Requirements to oneM2M, making full use of his experience of 3GPP2 TSG-S Chair for 8 year tenure.

Professional Experiences

- 2005-currently Senior Manager, Standards Strategy Section, Industry Standards Department, R&D Strategy Division, KDDI (Responsible for 3GPP2, ETSI TC M2M and oneM2M)
- 2003-2005 Manager, Human Resource Development Center (Responsible for Training for Technical Human Resources)
- 2000-2003 Manager, Standards Group, Technology Development Department, KDDI (Responsible for 3GPP2, WAP Forum and OMA)
- 1999-2000 Manager, IMT-2000 Development Department, KDD (Responsible for Planning for Cellular Communications Business)
- 1998-1999 Joined ICO Project (Mobile Satellite Communication) based in London, UK
- 1996-1998 Joined Planning and Development work for NASDA (National Space Development Agency of Japan) ETS-VIII (Engineering Test Satellite - VIII) for Mobile Communications
- 1994-1996 Product Manager of Frame Relay, ATM and Internet Services
- 1991-1994 Deputy Manager, International Cooperation Project based on ODA (Official Development Assistance) from Japanese Government
- 1987-1991 Design and Construction for Terrestrial Microwave Relay system and Network Planning
- 1982-1987 Joined KDD Research and Development Laboratories (in charge of Research and Development of Digital Satellite Communication Systems such as TDMA, Video TDMA, FEC (Forward Error Correction) etc.)
- 1980-1982 Technology Management and OAM for Satellite Communications in Ibaraki Satellite Communication Center
- 1980 Joined KDD

Standardization Activities

- 2012-currently Chair of TTC oneM2M Technical Committee and Co-Chair of Joint TTC/ARIB Meeting for oneM2M Standardization
- 2012-currently Chair of TTC Study Group on M2M standardization commissioned by the Ministry of Internal Affairs and Communications
- 2012-currently Joined oneM2M as HoD (Head of Delegation) from KDDI
- 2012-currently Vice Chair of Mobile Network Management Technical Committee in TTC

2011-currently Joined ARIB WG for Global M2M Standard Consolidation activity
(re-organized to oneM2M Support WG in 2012)

2011-currently Joined TTC WG for Global M2M Standard Consolidation activity
(re-organized to oneM2M Technical Committee in 2012)

2011-currently Joined ETSI TC M2M as guest participant (after #16 meeting)

2009-currently Chair of TTC 3GPP2 Technical Committee

2009-currently Joined Joint GSMA/TTA/3GPP/3GPP2 Global Wireless Equipment
Identifier Numbering Resources and Administration Meeting as
Representative from 3GPP2

2009 Chair of Workshop Planning Ad-Hoc and Chair of India Workshop in
3GPP2

2008-currently Chair of ARIB 3GPP2 Support WG

2007-currently Co-Chair of CDG Evolution Technology Operators Group

2007-currently Vice Chair of 3GPP2 SC (Steering Committee)

2005-2011 Vice Chair of IMT Partnership (3GPP/3GPP2) Committee

2005-currently Joined CDG (CDMA Development Group) Evolution Technology
Operators Group

2005-currently Chair of 3GPP2 TSG-S (Services and Systems Aspect such as
Requirements, Architecture, Program Management and Security)

2004-Currently Re-joined 3GPP2 TSG-S and TSG-C (CDMA2000 Air Interface)

2002-2003 Joined OMA (Open Mobile Alliance) Requirements Group,
Architecture Group, etc.

2001-2002 Joined WAP (Wireless Application Protocol) Forum Board as Deputy
Board Member from KDDI

2000-2002 Joined WAP Forum as Specification Committee Member

2000 Joined 3GPP2 TSG-S and TSG-C

1987-1990 Joined Ministry Advisory Group for CCIR SG9 Standardization in
Japan

1987-1990 Chair of SWG for Satellite/Terrestrial Microwave Interference
Coordination in ITU CCIR Joint WG 4D/9E (joint group SG4 and SG9)

1987-1990 Joined ITU CCIR Joint WG 4D/9E

1987-1990 Joined ITU CCIR SG3 as Rapporteur for SG3 Plenary Meeting

Other Activities

- 2011-currently **Joined M2M Market Promotion WG in MCPC (Mobile Computing Promotion Consortium, Japan)**
- 2010-currently **IEEE WCET (Wireless Communication Engineering Technology) Industry Advisory Board Member**
- 2010-currently **Part-time Lecturer, School of Engineering , Tokyo Denki University (Major field : Mobile Communication and Computing)**
- 2008-currently **Guest Professor, Department of Software Science, Faculty of Engineering, Tamagawa University (Major field : Mobile Communication and Computing)**
- 2007-currently **Vice Chair of Mobile System Engineering Certification Program Committee in MCPC**
- 2004-currently **Joined MCPC and Chair of Textbook Publication WG for Mobile System Engineering Certification Program Committee in MCPC**

Education

- 1978 **Received the B.S. degrees in electronic engineering from Kyoto University (Major field : Radio Communication Engineering)**
- 1980 **Received the M.S. degrees in electronic engineering from Kyoto University (Major field : Radio Communication Engineering)**
