Letter of support for Shingo Fujimoto as oneM2M Protocol (PRO) WG Vice-chair

Dear oneM2M Officers and Secretariat,

FUJITSU is pleased to support Shingo Fujimoto to nominate for the position of oneM2M Protocol Working Group Vice-chair.

Shingo has the enriched experience in the standardization activities at multiple SDOs, including OMA, ITU-T, and IETF and led the hot discussion with his excellent technical knowledge and expertise.

He also successfully managed many internal projects as the leader of system architects and developers with his strong background in the internet standards.

If elected, he is sure to devote himself to the Protocol Working Group members for the valuable protocol specifications. FUJITSU will also support him for serving his role in oneM2M with all necessary helps.

Kindly Regards,

A handwritten signature in cursive script that reads "Shoichi Fukuda".
