To: oneM2M Officers, oneM2M Secretariat

**Letter of support for the nomination of Timothy Carey as oneM2M Management, Abstraction and Semantics (MAS) WG Vice-chair**

Dear oneM2M Officers and Secretariat,

Alcatel-Lucent is pleased to nominate Timothy Carey for the position of oneM2M Management, Abstraction and Semantics Working Group Vice-chair.

Tim has gained extensive experience in the management and coordination of standards activities as the industry standards manager for the Customer Experience Division with Alcatel-Lucent.

His technical expertise is embedded in a large number of technical specifications with the Broadband Forum, ETSI, IEEE, WiMAX, OMA, UPnP and DLNA standards bodies.

He has played an important role in the M2M standards ecosystem, including as a current vice-chair for the MAS Working Group, in the areas of device management, abstraction and semantics and his candidacy will bring energy, competence and dedication to the progress of the oneM2M technical agenda.

As a part of Alcatel-Lucent's standing commitment to the success of oneM2M related standards we will continue to provide all of the necessary support to Tim needed to undertake his roles and responsibilities if elected.
