Education

Carnegie Mellon University, Pittsburgh, PA, USA
M.S. in Electrical & Computer Engineering, May 1998

Carnegie Mellon University, Pittsburgh, PA, USA
B.S. in Electrical & Computer Engineering, May 1997

Work Experience

- Dec. 2003 – Present **Korea Electronics Technology Institute**, Seoul, Korea
Managerial Researcher, Contents Convergence Research Center
- Research Areas and Activities:
 - Home network multimedia sharing (UPnP/DLNA)
 - IoT/M2M platforms and applications
 - Medium Access Control protocols (IEEE 802.11, 802.3, WiMedia UWB, etc.)
 - Augmented reality UI/UX
 - Digital mobile broadcasting technologies (DAB/DMB, DRM, etc.)
 - Standardization Activities:
 - TTA SPG13 oneM2M Project Group vice-chair (2014 – present)
 - oneM2M technical committee (2013 – present)
 - DLNA compliance and testing (2012 – present)
 - DRM Consortium technical committee (2009 – 2013)
 - FLO Forum technical committee (2006 – 2011)
 - World DMB technical committee (2003 – 2005)
- June 2000 – Nov. 2003 **I&C Technology, Inc.**, Seoul, Korea
Researcher, Wireless Communications
- Implementation of IEEE 802.11 Medium Access Control
 - Implementation of Power Line Communication Modem
- June 1998 – June 2000 **Samsung S1**, Seoul, Korea
Researcher, System Integration
- Design and implementation of Building Management and Access Control Systems

Language Skills

Fluent in Korean, English, Spanish
