To: oneM2M Officers, oneM2M Secretariat
Re: Letter of support for nomination of Mr. Yong-Suk Park to the position of
oneM2M Requirements WG (WG1) Vice-Chair

**Letter of support for nomination of Mr. Yong-Suk Park for the position of
oneM2M Requirements WG (WG1) Vice-Chair**

Korea Electronics Technology Institute (KETI) is pleased to nominate Mr. Yong-Suk Park for the position of oneM2M Requirements Working Group (WG1) Vice-Chair.

Mr. Park is experienced in the field of Information and Communication Technology, and familiar with standardization activities due to his involvement in standardization bodies such as DAB (Digital Audio Broadcasting), DRM (Digital Radio Mondiale), and DLNA (Digital Living Network Alliance).

Within oneM2M, Mr. Park has been involved in developing oneM2M Technical Specifications actively participating in Use cases/Requirements, Architecture, and Protocol related works. He was a key member in creating the Home Domain Enable Work Item in preparation for the next release of oneM2M. He also contributed in the success of the oneM2M based Global Platform Interworking Demo during oneM2M Showcase. In KETI, Mr. Park is also taking the initiative to expand the IoT/M2M ecosystem.

KETI will provide all necessary support for Mr. Yong-Suk Park to perform his activities as the oneM2M Requirements WG vice-chair successfully.

Yours Sincerely,

Hyung-Su Lee
Vice President
Korea Electronics Technology Institute.
