To: oneM2M Technical Plenary

Nomination of candidate to the position of oneM2M SDS Vice-Chair

China Information Communication Technologies Group Corporation (CICT), a CCSA member, is pleased to nominate Dr. Wei Zhou as a candidate for the position of SDS Vice-Chair under the oneM2M Technical Plenary.

Dr. Zhou is well experienced in the standardization work and security and information technologies. He has been involved in several standardization organizations such as oneM2M, 3GPP, CCSA and China ITS Industry Alliance. Since 2012, Dr. Zhou has been involved in developing oneM2M Technical Specifications and actively participating in Requirements, Architecture, Protocol and Security related works. He is currently serving as the vice chairman of the oneM2M SDS Working Group. Dr. Zhou has a good background in the field of information security such as communication security, authentication and authorization. He is one of the major contributors to the oneM2M security specifications. With his experience in standardization, security and information technologies, we believe Dr. Zhou is able to contribute actively to progress the security related activities in oneM2M.

CICT will provide all necessary support for Dr. Wei Zhou to perform the duties as oneM2M SDS Vice-Chair.

Sincerely,

Ke Wang
