

March 19, 2023

TO: oneM2M Technical Plenary

SUBJECT: Support letter for the position of oneM2M TDE VICE-CHAIR

Exacta Global Smart Solutions is pleased to propose William R Flynn (Bob) as a candidate for the position of Working Group 3 Testing and Developers Ecosystem Vice-Chair.

Bob has been actively involved in oneM2M since 2015 as a member and since 2021 as a Working Group 3 Testing and Developers Ecosystem Vice-Chair. He has actively participated in all the working group meetings and has made many contributions towards multiple technical specifications and technical reports. Bob has also participated in the oneM2M interoperability events, conformance testing and support of the certification efforts with GCF, and several ETSI STF groups.

Exacta Global Smart Solutions is committed the continued support of Bob in his role as Working Group 3 Vice-Chair if he is elected/accepted.

Sincerely,

A handwritten signature in black ink that reads "William R Flynn IV". The signature is written in a cursive style with some stylized flourishes.

William R Flynn IV
